Courtney Wilton: Survey Update / Pros and Cons of Joining OEBB / FAQs [handout #1]
- Survey process ends at 5:00 p.m. today, Tuesday, June 10.
- Results as of 8:30 a.m. (June 10) reflect:
  - 193 favor the move and 99 wish to stay with current coverage
  - 71% Faculty, 64% Classified, and 53% Exempt staff are in favor of the move to OEBB.
- Additional 4th tier coverage (employee plus children) is available through OEBB and would be a new option for CCC employees. Further details would need to be worked out with CCC association groups if CCC moves to OEBB coverage,
BJ Rinearson is working hard to keep the lines of communication open. BJ also hopes that all staff will continue to call her or the various insurance carriers directly, with questions and concerns. BJ and Courtney addressed issues and questions regarding OEBB coverage:
- Inability to leave OEBB once joined
- Physicians not in the OEBB network
- Staff members wishing to remain independent
- Insurance coverage – Vision, Dental, Medical, and Alternative Medical: Go to the OEBB website to obtain detailed information about Providence, ODS and Kaiser.
- Non-participating physicians: If your physician is not a participating member of OEBB, keep the lines of communication open and check back with their office often. There is always a chance they may change their mind and join.
- If CCC joins the OEBB system:
  - There is the ability to maneuver within that system and try different plans (this option is available each September).

| Joe Austin: Just like any business or institution, we are opening up more and more access to our computerized systems, which results in the need for more protection. We hired an independent company to do an assessment concerning possible external threats. This research was conducted in March over a 30-day period. We were given a report on how we can set controls to protect our systems and we have done that. We will continue to develop policies to help protect our systems.  
Baldwin van der Bijl: We need to take a closer look at laptops and the vulnerability of the information they contain.  
**NEXT STEPS/Joe Austin:** Items being considered for immediate action are the F-drive, GroupWise email, and policy development and procedures. |

Tim Lussier / ASG
- Tim shared a memo from the Oregon Lung association: PCC will be tobacco-free by the start of fall term 2009. [Handout # 4]
- Joanne Truesdell: Smoke free has many definitions. Smoke free can mean a campus where you are allowed to smoke in the parking lot but not near a building. In other words, there are designated areas where smoking is allowed. CCC is working hard toward similar rules and regulations. CCC is eliminating the 20-foot rule (no smoking within 20 feet of a building) and creating designated/covered smoking areas.
- Tim thanked everyone for the opportunity to be a part of Presidents Council and announced that this is the last meeting he will attend as ASG President.

Michael Vu / ASG President 2008-09: Michael is working hard researching ASG applicants for the upcoming school year. ASG appreciates having a representative involved in the search for VP of Instruction. Good information is being acquired that they can use in their own search and interviewing processes.
