Distance Learning Committee
Steve Beining presented the Distance Learning Committee Recommendation for the College to adopt Moodle as its learning management system.

- This is a second presentation to Presidents’ Council. (The first presentation was made on December 8, 2009.)
- See Executive Summary (handout #1) for an outline of the implementation plan.
- See Distance Learning - LMS Upgrade Project (handout #2) for additional plan details.
- See Distance Learning Committee Recommendation Presentation of Comprehensive Moodle Implementation Plan powerpoint (handout #3)
- All the questions asked at the December 8, 2009 Presidents’ Council meeting (listed on handout #1, page 2) were reviewed and answered.

The Moodle implementation plan was discussed and anticipated costs:

- There will be a three step conversion process (phase 1-3); see handout #2
- It will take approximately 453 hours to transfer 380 Internet-supported courses.
- Moodle uses a minimal amount of nested folders.
- Staffing implications over 15 weeks; Instructional designers are Steve and Joel; and interns are to be hired (in process).
- Costs associated with the move to a fully integrated version of Moodle (see handout #2)
- This project has tie-ins to several organizational goals.
- Impacts on ITS: Like Blackboard, Moodle is hosted externally so minimal impact on ITS is expected.
- How Moodle adds value for students; see handout #3 slide 6-7
- Faculty Training Program; see handout #3 slide 7-9; regularly scheduled open sessions (15 hrs/wk); evening hours training times will be added to this schedule; and onsite training for satellite campuses.
- Training and Support Process; see handout #2
- Distance Learning will lend financial support for conversion training.

Other Comments and Anticipated Events
A quick outline of some anticipated events (to be outlined by Steve Beining) will be distributed by the association presidents; Eric Lewis, Rosemary Teetor and Kelly White:

- The Faculty Moodle Training Program is anticipated to begin, Monday, February 8:
- Moodle Orientation session in S181 at 3 PM (please register with Joel Sheller). A brochure with many planned training sessions will be distributed to faculty mailboxes and via email, so look there for details of the many opportunities that will be offered to help faculty learn this new tool.
- Course Materials Transfer: A complete description of the process that will be used to manage the transfer of course materials will be made available.
- Communication Plan: Faculty and staff will be updated regularly through FYI, email, presentations at council, committee, and department meetings, and other established communication paths.
- Contact Distance Learning: Anyone with questions about the Moodle migration should contact the Distance Learning Department; Steve Beining, Joel Sheller, or Ann Boisselle.
Next Steps:

- Security issues with a single login situation were discussed; Courtney Wilton will have further discussions with Joe Austin. Joe will report back to Presidents’ Council in the near future on this topic.
- **Presidents’ Council Members approved the Distance Learning Committee’s recommendation to move forward with Moodle as the college’s new Learning Management System (LMS) beginning February 8, 2010.**
- Information, findings and Presidents’ Council decisions will be made known and discussed at College Council on February 5, 2010.
